

# Asking For The Old Paths

“The Spirit of God is still moving and acting in the church today and we must be more open to it. The result will be exhilarating changes in the worship and mission of the church. It has been a mistake to emphasize ‘the old paths’ because we need to be open to change...The church has got to change. If it doesn’t change, my kids are not going to stay with it. I’m probably not going to stay with it... Mine was the last generation that would tolerate indoctrination.”
